Subject: Request for Bankcard Logs for CES Environmental Services Inc. - Site A6-JP
Chris,

We are in the process of compiling a cost documentation package for the above listed site. We are in need of copies of the bankcard logs that will detail the miscellaneous costs listed on the attachment. This will be the actual signed logs approving the charges. Please let me know if you have any questions or if you need more information.

Thank you in advance for your help.
